

“ It is a little-known, painful and rarely acknowledged truth that some of our neighbors go to bed hungry. Thankfully, Lex Eat Together gives us the chance to both feed those in need and to reunite our community.”

- Jay Kaufman, State Representative

Lex Eat Together will offer a weekly Wednesday dinner in the heart of Lexington for anyone in need of a nutritious meal or companionship.

Why do our neighbors need a place to go to and eat a healthy meal?

- 1,200 Lexington residents live at or below the poverty level
- the loss of a job
- illness, both physical and mental
- isolation

## **Volunteers needed to help support food insecure neighbors.**

**You** can help by joining a team and **volunteering as little as one and one-half hours** one Wednesday per month.
